Good Life Gives Back to the Berks County Community

Reading, PA – July 17, 2020 – Good Life Companies is proud to be partnering with local restaurants and caterers to provide relief to families in our area in light of the current economic hardships they are experiencing through Good Life Gives Back.

In partnership with Two Can Catering, GNA Ristorante and Pizzeria, Nonno Alby's, Schaylor Brewing, Russo Food & Market, Good Life Organics, Riverfront Federal Credit Union, and Customers Bank, Good Life Companies, we will be feeding 1,000 people from Greater Reading every night during the week of July 20th. Good Life Companies volunteers will be delivering and distributing the meals each evening at various locations throughout Reading.

"In the midst of all the brokenness, Good Life strives to be the light in today's uncertainties nationally as well as locally for Berks County. The evolution of this idea came very organically. Our leadership has a genuine desire to help others and it resonates out of our national headquarters in Shillington. In partnership with Transformative Solutions a nonprofit in the county that serves churches and with a desire to support small businesses, Good Life Gives Back is a great opportunity for us to serve others while giving back to some of the small businesses we love," said Conor Delaney, Founder and Chief Executive Officer of Good Life Companies.

About Good Life

Good Life is driven to change the way in which financial products, services and advice are distributed to everyday clients in communities across the country. To stand out in an industry that has been largely commoditized, Good Life needs to be different to be great. Sometimes being different is not just about being focused on the financial services offered to clients or advisors, but it is about building an ecosystem and community that improves lives. The Good Life culture is centered around a vibrant, upbeat work environment where employees are encouraged to think freely, dress for their day, all while having a strong focus on overall financial health and physical wellness.
